Addenda

Addendum 1 Please be advised that Young Brothers is a Division of Ecin Industries. Inc.

Addendum 2 Bourdon's Institutional Sales' pricing is based on current catalog pricing. Bourdon's no longer publishes a "paper catalog." Current pricing changed on January 1, 2008 revising the old on-line catalog and the prices listed on paper when the C05 contract was published. For current Bourdon's catalog pricing, always go to www.bourdons.com. Mattresses are catalog price less 13%. All other catalog items are less 12%. For example: The Bourdon's Life Safety Bio-Pruf Mattress, Dormitory 36x80x7 (01-321LSBP3680) is \$127.00 less 13% or \$110.49.

Addendum 3 Please be advised that Bourdon's Institutional Sales catalog pricing for mattresses will be increased 10% on July 1, 2008. Orders placed after July 1st should reflect the new on-line pricing.

Addendum 4 Young Brothers has moved. Their new address is: One Ace Street, Fall River, MA 02720. All other contact information remains the same.

Addendum 5 This contract is being extended for a period of one (1) year from December 31, 2009 to December 31, 2010. All vendors have agreed to extend their terms, conditions and pricing.

Contract Notes

MC08-C05 Mattresses, Box Springs and Metal Frames

General Notes on the Contract

THIS IS A TWO YEAR CONTRACT.

The RFP was sent out on September 20, 2007. It was opened on October 18, 2007. Four vendors responded with bids.

REMEMBER: You have a short window of opportunity to get mattresses delivered and installed for fall. To get into the production queue and insure delivery for 2008, mattresses should be ordered in January or February.

Mattresses under this spec will pass the Boston Fire Code, BFD 1X-11, California TB-129 and 16 C.F.R. 33. Even though a vendor may use their own name or part numbers for their line, they are all built to the MHEC spec, if not an "alternate."

Someone should open one mattress on each truckload to insure the product delivered meets specifications. Your right to do this was written into the bid specification.

A permalator pad on each side of the center one-third of the mattress is all that is necessary. However, if you require a full permalator pad, it is available from Young's for a small up-charge.

Blue and white stripe vinyl ticking with no tufting is a little warmer to sleep on, but it offers a tremendous advantage in sanitation, cleanliness and longevity.

Mattress prices include delivery to your campus for Mass. Correctional Industries and Young's and to most campuses for Bourdon's.

Special Notes on Individual Vendors

Bourdon's Institutional Sales	Bourdon's offers their entire catalog, including mattresses. The Bourdon's Life Safety Mattress is UL approved.
--------------------------------------	---

Mass. Correctional Industries	Mass. Correctional Industries does not offer box springs.
--------------------------------------	---

Young Brothers	Mattresses should be ordered in December or January for the next summer delivery when vendors have a small window of delivery opportunity.
-----------------------	--

MC08-C05

Mattresses, Box Springs and Metal Frames

Contract Duration from 01/01/2008 through 12/31/2009

Instructions and Information pertaining to the use of this contract

- 1 Various types of purchase orders may be issued against the contract by each respective school with no dollar limit.
- 2 The respective vendor will ship and bill the material requested on each purchase order directly to the respective school.
- 3 Each purchase order issued against this contract should be marked, "MASSACHUSETTS CONSORTIUM CONTRACT-MATTRESSES, BOX SPRINGS AND METAL FRAMES."
- 4 Orders may be phoned in to the vendor of your choice if confirming orders are authorized by your school. All phone orders must be confirmed, in writing, and clearly marked "CONFIRMATION--DO NOT DUPLICATE."
- 5 Use of this contract is left to the discretion of each respective school. No guarantee of volume has been made to the vendors.
- 6 All mattresses shall meet the flammability standards set forth in Boston Fire IX-II, CAL 129 and 16 C.F.R. 1633. Documentation of compliance is available upon request to the vendor.
- 7 The bid prices shall remain firm throughout the term of the contract.
- 8 MHEC Contract information is available to members on the web at www.mnec.net
- 9 The respective school may open, dismantle and inspect 1% of the mattresses and box springs received against each order to insure compliance with specifications. Detailed specifications are available from Jake Bishop, MHEC/Amherst. General specifications are as follows:

MATTRESSES FOR GENERAL USE:

The MHEC innerspring mattresses are of excellent quality and shall be manufactured in accordance with the Boston Fire Department's IX-11, CAL TB 129 and 16 C.F.R. 1633.

The innerspring unit shall contain no fewer than 192 coils (based on the 36" size) bound by a border rod, insulated with a permalator and fiber pad each side, padded with 16 pounds of boric acid treated cotton felt. The heavy-weight 100% polyester woven pin stripe ticking, weighing 6 ounces per square yard or equal and shall be installed smooth top and stenciled with the year of manufacture, e.g., "MC06".

Alternate ticking of 10.5 oz. nylon vinyl laminate in blue and white stripe is also available. This product is anti-bacterial, anti-static, flame retardant and waterproof.

The mattress spring units are guaranteed for ten years and each mattress shall be delivered, free of extra charges, wrapped in heavy Kraft paper or polyethylene.

MATCHING BOX SPRING:

The MHEC box springs are of excellent quality and shall be manufactured in accordance with Boston Fire IX-11, CAL TB 129 and 16 C.F.R. 1633.

The spring unit shall contain no fewer than 54 coils (based on the 37" size) mounted on a spruce frame. The grid top construction shall be covered with a fiber pad insulator and cotton felt padding. The heavy-weight ticking, to match mattresses, shall be smooth top, seamless

and stenciled with the year of manufacture, e.g., "MC06."

The box spring shall be guaranteed for ten years and each unit shall be delivered, free of extra charges, wrapped in heavy Kraft paper or polyethylene.

MATTRESSES FOR HOSPITAL USE:

The MHEC hospital innerspring mattresses are of excellent quality and shall be manufactured in accordance with Boston Fire IX-11, CAL TB 129 and 16 C.F.R. 1633.

The innerspring unit shall contain no fewer than 184 coils (based on the 35 x 80" size), bound by end caps, insulated with a fiber pad each side, padded with 10 pounds of boric acid treated fire retardant cotton felt or approved equal. The ticking is to be vinyl/nylon laminate, flame resistant, anti-static, anti-bacterial, weighing 10.4 oz. per square yard, and shall be installed smooth top and stenciled with the year of manufacture, e.g., "MC06."

The mattress spring units are guaranteed for ten years and each unit shall be delivered, free of extra charges, wrapped in polyethylene.
